WORK EXPERIENCE

Front-End Developer | **Tekrevol — Karachi** • April 2022 – Present • On-site

Tekrevol is a product and technology company. Work focuses on building and maintaining internal product brands with full end-to-end ownership.

- ▶ Developed and maintained front-end for multiple product brands, owning the full development lifecycle from design handoff to deployment.
- ▶ Built responsive, performant UIs using React.js, JavaScript, HTML5, CSS3, and Sass following component-driven architecture and best practices.
- ▶ Collaborated in agile workflows using JIRA for sprint planning, task tracking, and cross-team coordination.
- ▶ Awarded Performer of the Month (September 2022 & December 2022) and Employee of the Month for consistent high-quality delivery.

Junior Front-End Developer | **Crystallite Pak Pvt Ltd — Karachi** • November 2021 – March 2022 • On-site

- ▶ Built and maintained front-end components using HTML, CSS, and JavaScript under senior developer guidance.
- ▶ Optimized existing pages for improved performance, cross-browser compatibility, and mobile responsiveness.
- ▶ Participated in code reviews, building strong fundamentals in clean coding practices and standards.

EDUCATION

BS in Information Technology | **Bahria University — Karachi** • 2017 – 2021 • Karachi

- ▶ Relevant Coursework: Web Development, Database Management, Networking, Software Engineering, Mobile App Development.
- ▶ Final Year Project: Electronic Hospital Resource Tracker — Android app for real-time hospital resource tracking for COVID-19 patients using location-based search.

Intermediate (Pre-Engineering) | Government Delhi College, Karachi • 2015 – 2017
